1. This application is in condition for allowance except for the following formal matters:

The abstract of the disclosure is objected to because it is over 150 words in length. Correction is required. See MPEP § 608.01(b).

Claims 3-8, 31, 32, 41, 43, and 51 are objected to because of the following informalities:

Claims are required to be sentences ending with a period. Claims 3-7, 31, 43, and 51 fail to end in a sentence. Claim 41 contains two periods. Claims 8 and 32 depend upon one of these parent objected to claims. Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex* parte Quayle, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO**MONTHS from the mailing date of this letter.

- 2. Pending correction of above noted informalities, claims 1-86 stand allowed over the prior art of record, which fails to teach the combination of required wellhole operations and measurements and data analysis requiring the specified adjusted pseudopressure data used in the computation of the substrata physical parameter of the subterranean formation.
